

About

SPACE-iZ ecosystem has been designed to revolutionise the service sector. The process is eased up with a one stop Wallet service to power all the applications in the ecosystem. Within this ecosystem the users will have access to the location for rent complimented with maintenance, food delivery, travel services and best price options in the market.

SPIZ Token

Stakeholders namely, property owners, handymen, restaurants, and cab drivers can list their services for free on respective SPACE-iZ applications, enabling them to give discounts to the customers. Once users are happy with discounts and hassle-free services, they will have a choice to buy SPIZ tokens and hold them in their SPACE-iZ Wallet to continue receiving benefits.

Utility of SPIZ

- **HOLD** : Users can hold SPIZ tokens in their SPACE-iZ Wallet to avail discounts.
- **STAKE** : To earn a good APR users can stake SPIZ tokens on finance feature.
- **REWARDS**: Service providers will obtain incentives in form of SPIZ tokens for good ratings/ reviews received from customers on respective applications.
- **LEND** : Smart contracts will allow stakeholders to invest in SPACE-iZ and lend it to other users for additional revenue stream. Once contract expires lenders will be compensated proportionally to their investment.

SPACE-iZ Ecosystem
